1 AUTHORIZATION TO ACCESS PROPERTY

I own the property or am authorized to approve the requested container placement. I authorize JC Sanitation LLC DBA 3D Dumpsters and its drivers to enter the specified access route and use appropriate delivery and retrieval equipment to place and remove the EMPTY storage container. The driver may choose a safer nearby spot, ask for approval, or decline unsafe access.

2 SPECIFIC DRIVEWAY AND GROUNDS RISKS

I understand the combined weight and movement of trucks and a stationary storage container may cause scuffs, tire marks, cracking, settling, ruts, indentations, broken edges, disturbed gravel, turf damage or surface staining. Damage risk increases on asphalt in heat, soft or recently paved surfaces, thin concrete, wet soil, slopes, and areas over unmarked utilities, septic systems or drainage structures. Boards or pads may reduce some risks but do not guarantee protection.

3 SITE INFORMATION AND CUSTOMER RESPONSIBILITY

I will identify concealed or vulnerable structures and disclose known conditions, ensure permitted placement, arrange clear access, and remove vehicles, snow, ice, low branches or other obstructions. I accept responsibility for ordinary, foreseeable surface or landscaping impacts resulting from careful placement and retrieval at the location I request, and for damage materially caused by inaccurate site information or instructions I provide.

4 LIMITED WAIVER — PLEASE READ

TO THE EXTENT PERMITTED BY WISCONSIN LAW, I AGREE NOT TO SEEK REIMBURSEMENT FROM JC SANITATION LLC DBA 3D DUMPSTERS FOR NORMAL, FORESEEABLE COSMETIC SURFACE MARKS, MINOR RUTTING OR INDENTATIONS THAT OCCUR DESPITE THE COMPANY USING REASONABLE CARE IN ACCESSING MY REQUESTED SITE. THIS LIMITED WAIVER DOES NOT RELEASE ANY CLAIM FOR THE COMPANY'S NEGLIGENCE, RECKLESSNESS, INTENTIONAL MISCONDUCT, OR DAMAGE OUTSIDE THE SPECIFIC RISKS DESCRIBED ABOVE.

ACKNOWLEDGMENT AND SIGNATURE

I have read this separate waiver, had the opportunity to ask about placement or protective measures, and approve the identified location subject to the limits above.
